AKSHAY VIDHATE

MOB.- **+91 9657488580** | EMAIL •**akshayrv656@gmail.com** •**LinkedIn**

Objective:-

Results-driven Full Stack .NET Developer having around 3 years of experience in designing, developing, and deploying web applications using **Angular 12+**, **.NET Core Web APIs**, and **MSSQL**. Adept at building **scalable, high-**performance applications **with expertise in both** frontend and backend development**.** Skilled in **RESTful API development**, **database management**, and **cloud deployment**.

Technical Skills:-

- **Programming Languages:** C, C++, C#, HTML5, CSS, JQuery, JavaScript, Typescript
- **Frameworks:** Micro Services Architecture, .NET Core Web API, ASP.NET MVC, ASP.NET, Windows Form, WCF, WPF, ADO.NET, Angular 12+, React.JS
- **Databases:** MS-SQL, My-SQL
- **Development Tools:** Visual Studio, MS-SQL Server, SSMS, Visual Studio Code
- **Version Control:** GitHub, TFS
- **Other:** REST APIs, Entity Framework Core, POSTMAN(Debugging tool), OOPs, SOLID Principles, Azure Devop`s

Work Experience:-

Rainbow Infotech(India) Pvt.Ltd. Baner, Pune   JAN 2023– Present
Junior .NET Developer

Project: 360 Performance Navigator PMO

- A comprehensive platform designed to enhance asset management, maintenance, and reliability across organizations.
- This platform integrates various modules, each targeting specific aspects of asset performance:
- **Asset Criticality Module, PM Optimization, Work Management Optimization, RAM-GPS Assessment, DQA, FMEA.etc**
- By integrating these modules, 360Navigator platform enables organizations to streamline their asset management processes, enhance reliability, and achieve measurable improvements in performance and cost-effectiveness.

Roles And Responsibilities:

- Developed dynamic, responsive web pages using **Angular** and built robust **.NET Core APIs** for seamless integration with **MSSQL** databases, optimizing data flow and system performance.
- Designed and implemented a **Task Management System**, improving task tracking, expense tracking and reducing data retrieval times by 50%.
- Led **API** and **GUI design** for asset management analysis, streamlining workflows across multiple modules.
- Optimized **page load times by 35%**, improving performance and increasing operational uptime. Implemented **backend validation, encryption**, and **client-side/server-side optimizations** to enhance system security and efficiency.
- **Technology(ASP.NET Core Web API, Angular 15+, MSSQL, Entity Framework Core , Kendo UI, AM4 Core Charts, OOP`S, SOLID)**

Nebula Technology, Pune   Jun2022–Nov 2022
Intern .NET Developer

Project :Active Tracker:
- Active Tracker is a system and method using information technology to curb the female feticide and effectively implementation of the PCPNDT Act.
- The solution resolves the problem of Under Reporting & False reporting and provides the intellectual system to the authorities to track, monitor & generate the vital evidence and also assist the Genetic Centers the relief from the breaching of the rules of the Act.
- This project track the all trackers all over India & manage the information of Sonography machine.
- **Technology(C#, ASP.NET MVC , WPF , SQL, OOPS , MSSQL)**

Roles And Responsibilities:
- Assist in **developing, testing, and debugging web applications** using **ASP.NET MVC, C# and MSSQL**.
- Work on **frontend development** with **Razor Views, HTML, CSS, JavaScript, and JQuery**.
- Build and integrate and handle **HTTP requests using controllers**.
- Write **optimized SQL queries** and manage databases using **Entity Framework Core**.

- Proven a hands-on experience using object-oriented programming (OOP`s)

Academic Project: Student Help Desk System   Jan 2022–Apr 2022

- The **Student Help Desk System** is a **college-level web application** that allows students to **submit queries, report issues, and seek assistance** from the administration.
- It provides a **centralized platform for tracking requests, resolving complaints, and improving communication** between students and faculty.
- The system ensures **faster response times, organized query management, and enhanced student support services**.
- **Technology(C#, ASP.NET, WPF, SQL)**

Education:-

- **Savitribai Phule Pune University (SPPU)**, Pune, **Master`s in Computer Science (M.Sc. (computer Science)/MCS)**   **Jul 2020 - May 2022**

- **Savitribai Phule Pune University (SPPU)**, Pune, **Bachelor`s in Computer Science (B.Sc. (computer Science)/BCS)**   **Jul 2016 - Oct 2019**

Certifications:-

- **.NET Fundamentals - Great Learning's (Apr 2023)**

- **React.JS Tutorials - Great Learning's (Jan 2024)**

- **Azure Essentials - Great Learning's (Jan 2025)**
